

H2M architects + engineers STEM Scholarship Scholarship Application

The H2M architects + engineers STEM Scholarship is awarded on the basis of merit and character to a graduating senior who is planning to attend college and enroll in a science, technology, engineering or math (STEM) degree program, which includes but not limited to science, environmental engineering, architecture, planning, landscape architecture, and land surveying. H2M is a 350+ person architecture and engineering

eligibility + selection criteria

- Applicant must be a high school senior planning to enroll in a science, technology, engineering or math (STEM) course of study in the fall.
- Applicant must be accepted to an accredited college or university in a STEM degree program.
- Applicant must not be an employee or family member of a current H2M architects + engineers employee.
- Academic achievement is a significant factor in the selection process; however, there are no minimum requirements in order to apply.

application process + deadline

- Complete application form attached to this application.
- Submit a brief essay describing your future plans and why you are deserving of this scholarship. Tell us something unique about yourself.
- Two (2) recommendations from teachers and/or guidance counselor or leader in the community.
- Submit your application to your counselor by March 15, 2017. Please submit to H2M by March 31, 2017.

scholarship amount

- Six \$1,000 scholarships, to be awarded during a ceremony at H2M's Melville headquarters at the conclusion of the recipient's senior year.

about H2M architects + engineers

H2M is a multi-disciplined professional consulting and design firm, proud of our long history of client service and our consistent ability to meet tough architectural, engineering, and environmental challenges head-on. Since 1933, H2M has helped design and build many of our communities: from water treatment facilities to school facilities, from land surveying to road reconstruction, from site assessment to remediation.
